

City University of Hong Kong invites applications for the following posts. Candidates with applied research achievements will receive very positive consideration. Relevant experience in business and industry will be a definite asset.

**Professors/ Assistant Professors in Quality Engineering and Product Safety Engineering
Department of Manufacturing Engineering and Engineering Management**

Applications are invited from outstanding candidates for Assistant Professors and higher positions. The University endeavours to be internationally recognized as a leading university in the Asia-Pacific region. The Department of Manufacturing Engineering and Engineering Management was first formed in 1987. The Department seeks strong candidates, including the fresh PhD graduates, in its expanding teaching and research areas of quality engineering, product design engineering in safety, health and environmental aspects.

Requirements: A PhD in a closely related discipline with a promising record of research and teaching ability. The successful candidates are expected to develop new research directions and courses.

Salary and Conditions of Service

Salary offered will be highly competitive and commensurate with qualifications and experience. Appointment will be on a fixed-term gratuity-bearing contract. Fringe benefits include annual leave, medical and dental schemes, and housing benefits where applicable.
